## SPLIT SYSTEM CoolSmartPro Series

INVERTER

ARD-ACS09-IP  
ARD-ACS12-IP  
ARD-ACS18-IP  
ARD-ACS24-IP

**ARDESTO CoolSmartPro air conditioners** are energy-efficient solutions for a comfortable microclimate in your home or office at any time of the year, even in frosts down to -25 °C. These models have all the necessary features: Sleep mode ensures quiet operation at night, and Turbo mode allows you to quickly cool the room. In the off-season, air conditioners will become a reliable source of heat. Due to 4D AirFlow, the CoolSmartPro series has improved air distribution and flow in four different directions (up, down and to the sides), which allows you to feel more comfortable indoors.

### MODES & FEATURES

AUTO, DRY, FAN, COOL, HEAT

- 4D AirFlow
- Eco energy-saving mode
- Sleep mode for quiet operation at night
- Turbo mode
- Clean self-cleaning system
- Timer
- Display
